

To Whom It May Concern,

It is with deep disappointment MSRID announces we will not be hosting the 2018 Region II Conference. The Affiliate Chapter Presidents for the region held a vote, with the majority voting to cancel the conference. Although we were looking forward to having more involvement in Region II events, there were too many issues proving difficult to overcome.

MSRID was encouraged and offered support to host our State Conference. However, our bylaws state that our conference is biennial, with the next one scheduled for 2019.

MSRID would like to thank everyone involved for your support and leadership, and look forward to a successful Region II Conference in 2020.

The MSRID board still wishes to offer an opportunity for professional development. We are working diligently to provide a workshop early this summer.

Thank you,
MSRID Board
